

# Shrimp B 1.2/1.3GHz 6W VTX

ENGINEERING REVIEW REQUIRED

Shrimp B 16-channel analog video transmitter with 6W listed output and IRC Tramp control. Frequency eligibility and antenna pairing are reviewed for each destination.

## VERIFIED SPECIFICATIONS

|                    |                                  |
|--------------------|----------------------------------|
| Frequency band     | 1080-1360 MHz                    |
| Output power steps | PIT / 25 mW / 200 mW / 1 W / 6 W |
| Power input        | 7-30 V                           |
| Channels           | 16CH                             |
| Antenna interface  | SMA 50 Ohms                      |
| Dimensions         | 44*28.6*14.7mm                   |
| Catalog weight     | 25.3g                            |
| Control protocol   | IRC Tramp                        |

## APPLICATION FIT

- Lawful civilian FPV video-link integration
- Industrial inspection and field operations
- Agricultural and commercial UAV integration

## BUYER FIT

- Distributors
- System integrators
- Brand / OEM buyers
